

## Kyle Schofield

Mainstay Technologies

*AI Specialist &*

*Sr. Client Services Manager*

# BIO

Kyle is a Sr. Client Service Manager at Mainstay Technologies. With a passion for helping businesses effectively leverage technology and reduce risk, Kyle and the team at Mainstay have worked with organizations throughout the state to engage in strategic planning, help navigate the emerging AI shift, and prepare for CMMC and other compliances.

With an MBA focused on small business administration and over a decade of working with NH organizations, Kyle has the expertise needed to help businesses identify and achieve their technology goals while reducing risk and preparing for the future. He understands the unique needs and challenges small to medium organizations face when approaching compliance requirements, and enjoys building relationships, teaching, and helping those he works with flourish.
